Application for Admissions Procedure

This is a program of study for unique learners who are highly motivated young adults who have a developmental or intellectual disability. “Intellectual disability is a disability characterized by significant limitations in both intellectual functioning and in adaptive behavior, which covers many everyday social and practical skills” (**AAIDD)

All applicants less than 22 years of age are encouraged to consider opportunities available in your current school system under Free Appropriate Public Education (FAPE) before committing to this fee based program.

In order to be sure that GSU’s Inclusive Digital Expression and Literacy Program is the best match for our applicants, we require an application packet be completed for each student. Upon entering, it is expected that students will demonstrate the following minimal requirements:

- Be a graduate of an accredited secondary education program
- Received special education services under IDEA
- Read at the 3rd grade level or above (preferred)
- Knowledge of basic mathematics and ability to use a calculator
- Ability to search the internet, email and use word processing programs
- Ability to function independently for a sustained period of time
- Have no significant behavioral or emotional problems that would impact school performance
- Ability to be successful in competitive integrated employment situations
- Desire and motivation to complete a postsecondary program
- Be on an active Vocational Rehabilitation caseload (strongly recommended)
- Have a willingness to complete all assignments with support
- Ability to understand instructions and follow rules
- Be able to provide the most recent Individualized Education Plan (IEP) and/or psychological evaluation

Letters of recommendation from current or former teachers also are extremely important because these describe current levels of performance across many areas.

Applicants will have typically received extensive special education services in their secondary schools, graduating with a special education diploma, certificate of attendance or alternative diploma and would be denied access to a traditional college degree program.

This is a certificate program (not an accredited college degree program) and exiting students will receive a certificate of completion in Digital Expression and Literacy along with a personal portfolio, NOT a degree from Georgia State University.

Note: Not all applicants who complete the application will be accepted into the Inclusive Digital Expression and Literacy Program. A decision for the
appropriateness of each applicant’s participation will be based upon the review of information in the application and recommendations.

Please email IDEAL Admissions at IDEAL@gsu.edu or call 404-413-1281 if you have other questions.

Please do not call about the status of your application, as we will not be able to provide this information for you over the phone. You will receive an email, phone call, or letter informing you of your acceptance. **Note: A limited number of applicants will be admitted each year.**

The decision to offer or deny admission to the program will be made by the Screening Committee in their best judgment and in the best interest of the applicant. Admission will be based on the following criteria. The applicant:
